Was he a full accomplice in the killing program, or just a tool, manipulated into it? Either way, we need him in the White House just as much as we need Old Joe Biden there

Scroll down for a reminder of how badly Biden wanted *everybody* "vaccinated," then further down for some reminders of *Trump's* "booster boosterism" *after* he was president.

In an interview with Greg Hunter from USA Watchdog, Catherine Austin Fitts has said that "No matter who is president, they will allow bioweapons to kill Americans without hesitation." She also argues that the former president Donald Trump is either a knowing participant in the Covid bioweapon operation, or he is grossly incompetent not to understand what's happening, which Fitts claims is highly unlikely.

"In either case, Trump should not be president," opines Fitts, "just as toxic injection mandater Joe Biden shouldn't, either."

Get vaccinated!

Blue shift radiation
Super fluid consciousness with servants
Savants and greed
Numbers in the cracks and crevices of the universe
The universal balance sheet of doing harm to others

Catherine Austin Fitts: *You can say Trump was on board for a depopulation [with Covid jabs] or Trump got rolled. Either one is not a very good case to be made that he ought to be president.*

Greg Hunter: *I just can't believe that he would say, sure, let's kill millions of people.*

Catherine Austin Fitts: *But go back. Then you're saying he's incompetent, because if I knew what I knew [about vaccines] — don't tell me I knew more than Trump. I just don't buy that.*

"Vaccines are doing very, very well"

Trump, with Bill O'Reilly at his side, bragged about the "vaccines" having "saved tens of millions of lives" on his watch. His fans weren't pleased (nor should they forget it now):

This is your opportunity to get up close and personal with Gary. This will be a more intimate event with plenty of opportunity for questions and discussion.
